SKILLS

- Python
- C++
- Java
- HTML, CSS, JavaScript
- Prompt Engineering
- Computer Vision

EDUCATION

- **Bachelor of Technology in Computer Science Engineering**
  Vellore Institute of Technology, Bhopal
  Expected Graduation: 2022 - Current
- **Higher Secondary Certification (HSC)**
  Dinkarrao Dhadve Patil Jr. College, Pune
  2022
- **Secondary School Certification (SSC)**
  VPBEMS, Pune
  2020

EXPERIENCE

Prompt Engineer Intern

Mobtech Pvt. Ltd, India

March 2024 - August 2024

- Optimized chatbot responses using prompt engineering techniques.
- Enhanced user satisfaction by refining prompts based on user feedback.
- Created compelling promotional content leveraging prompt engineering insights.

Team Lead - Project Exhibition 2

VIT Bhopal University

March 2024 - May 2024

- Developed an OpenCV project for skin-related problem detection.
- Applied advanced image processing and machine learning for accurate diagnostics.

Artificial Intelligence Intern

Teachnook Online Learning Services

September 2024 - October 2024

- Contributed to the development of AI-based solutions for real-world applications.
- Implemented machine learning algorithms and natural language processing models.
- Gained expertise in AI tools and technologies through collaborative online projects.

Python Programming Intern

Vaishnav Technologies

November 2024 - Current

- Developing and optimizing Python-based applications for diverse use cases.
- Implementing and testing algorithms to improve system performance and scalability.
- Collaborating with teams to design solutions and ensure timely delivery of projects.
- Enhancing existing codebases for efficiency, readability, and maintainability.

ACADEMIC PROJECTS

Skinso - The Skin Analyzer
- Utilized OpenCV and machine learning to detect and classify skin conditions.
- Improved early detection and treatment options for various skin issues.

Sentiment Analysis Chatbot
- Developed a Sentiment Analysis AI Chatbot using Python GUI to classify sentiments as positive, negative, or neutral.
- Created an interactive user interface for real-time sentiment analysis using NLP techniques.

QR Code Generator

- Developed a QR Code Generator using Python, allowing users to generate QR codes from input data.
- Implemented a user-friendly interface to create and save QR codes in various formats.

CERTIFICATES

- Simulink - MATLAB
- The Bits and Bytes of Computer Networking - Google and Coursera
- Python Fundamentals - Great Learning
- Cloud Computing - NPTEL and IIT Kharagpur
- Data Science - SkillUp
- AI Tools Expert - Be10x
- Python Programming - Vaishnav Technologies
- Artificial Engineering - Teachnook Learnings

POSITION OF RESPONSIBILITY

College Ambassador
Kshitij TechFest, IIT Kharagpur
December 2023 - March 2024

- Promoted techfest, organized workshops, and facilitated communication.

Technical Lead
Marathi Club, VIT Bhopal University
August 2023 - February 2024

- Spearheaded digital content development and managed technical logistics.

HOBBIES

- Singing

- Cooking

- Playing instrument (Tasha)
